Item Type: Consent Agenda

Time Allocated for Item: N/A

Agenda Title:

Adoption of Resolution Authorizing Department of Transportation to Purchase Additional Compatible Segments for the County's Bailey Bridge - A Portable, Prefabricated, Truss Bridge, by Sole Source Methods, to Obtain by Auction or Bidding, for a Total Estimated Cost of \$152,900, and Addition of Item to County's List of Fixed Assets (County-Wide)

Recommended Action/Motion:

Adopt Resolution authorizing Department of Transportation to purchase additional compatible segments for the County's Bailey bridge- a portable, prefabricated, truss bridge, by sole source methods; to obtain by auction or bidding for a total estimated cost of \$152,900, and addition of item to County's List of Fixed Assets (County-Wide); and authorize Chair to sign same.

Previous Board/Board Committee Actions:

Purchase authorized by Resolution 19-395 on December 10, 2019, for one year until December 31, 2020.

Summary of Request:

Presently, all but 50 feet of the County's 120 feet length emergency Bailey bridge is deployed at Lambert Lane for three years until a replacement bridge can be built. The purchase of additional Bailey bridge segments,

between 44 and 80 panels with connector pins and ties, will increase the County's total emergency bridge span length an additional 170 to 190 feet and would make 120 to 150 feet available for any emergencies during the three years the Bailey bridge is in use at Lambert Lane. The purchase will be funded by a Federal Highway Administration (FHWA) Grant of \$139,000 with the Local commitment for 10% contingency (\$13,900) buffer to purchase used market compatible parts for a total estimated cost of \$152,900.

Alternative Action/Motion:

Postpone or deny request.

Supervisory District: All

vote requirement: Majority

Supplemental Information Available Online At: N/A

Fiscal Details:

source of funding: FHWA Grant - \$139,000 Budget
Unit 3010 Local Match & Contingency - \$13,900
