Summary of Request:

Esther Siegel has been providing therapy services not covered by Medi-Cal or other insurance to specific

Family and Children's Services clients as part of their court-ordered case plans to support reunification of children in foster care to their families. Ms. Siegel provides individual and family counseling sessions and completes progress reports which are used by the social worker to update the court on the client's progress and readiness for reunification and/or case closure.

Due to COVID-19, workload priorities have shifted daily to cover program operations, changing program operational needs, filling in for staffing gaps and reassessing services provided under contracts to determine what services are able to continue and in what manner to comply with Federal, State and Local requirements. This has taken time away from standard review of contracts and has necessitated additional time in contract preparation to plan for a variety of service needs and service delivery methods due to future uncertainty as to what may be permitted and when. This process necessitated a retroactive Agreement.
