**Summary of Request:**

In January 2016 the County's Self-Funded Health Plan entered into an Agreement with Delta Dental of California for a fully insured dental insurance plan for employees and their eligible dependents. This was made possible by the County's health plan consultant, Keenan & Associates (Keenan), who negotiated the agreement through the Municipal Service Authority (MSA) Dental Pool. Participation in the pool is designed to give agencies a more competitive marketplace to purchase their dental benefits.

In 2018 the MSA Dental Pool transitioned from a fully-insured program to a self-funded program and changed its name to Municipal Dental Pool (MDP). This change allowed the pool to negotiate better rates for its members as the rates are based on benefit utilization and shared administration fees. Dental plans generally trend at an average of 5-6% increase in premium annually however, participation in the dental pool has allowed the County to experience lower than average annual increases and sometimes no increase. For plan year 2021 the MDP negotiated a Per Employee Per Month premium rate decrease of 10%, beginning on January 1, 2021.

In October of 2020 Human Resources tasked Keenan with performing a full marketing and analysis of employee dental benefits. Two proposals were received, including from Delta Dental. Human Resources reviewed both proposals and determined that continuing with Delta Dental is the best option overall. The number of in-network providers for the other dental plan is very limited and the amount of savings proposed did not outweigh the significant disruption it would cause to employees who would be faced with finding a new provider in the narrow network or incur higher out of pocket expenses if they didn't.

Human Resources is requesting approval of this amendment retroactively as the final signature required was not received within the time frame to place on an earlier agenda.
