**Summary of Request:**

Mendocino County Behavioral Health is currently going through its regular audit process for services rendered during prior fiscal years. As part of this process, the State of California reviews the contracts, subcontracts, invoices, and other documentation to support each charge utilizing State funds. Based on review of internal records, however, Behavioral Health is concerned that it lacks certain documentation in that is believed to be in the sole possession of the County's prior vendor. That vendor, Ortnier Management Group, LLC, filed

papers for dissolution in June of 2020. Behavioral Health has reached out to the principals and successors of that corporate entity to attempt to locate any remaining records, but they have failed and/or refused to respond to all requests.

The Board of Supervisors, pursuant to Government Code section 25170, has the legal authority to compel the production of records and witnesses via subpoena, as to any matters within its jurisdiction or to allow the inspection of any documents “relating to the affairs or interests of the county . . .” Behavioral Health, working with County Counsel, believes that such a subpoena is needed in this instance, in order to locate and inspect those records which verify and demonstrate that the County properly expended the funds in question through is contractor. The departments, therefore, respectfully request that the Board of Supervisors approve the attached resolution and authorize the Chair to execute such subpoenas as are deemed necessary to obtain these records and information.
