Agenda Title:
Discussion and Possible Action Including Acceptance of Presentation of the Adventist Health Community Well -Being Program
(Sponsor: Executive Office)

Recommended Action/Motion:
Accept presentation of the Adventist Health Community Well-being program.

Previous Board/Board Committee Actions:
None.

Summary of Request:
Community Well-Being reaches beyond the walls of a hospital to build and sustain a community's quality of life. Adventist Health strategically invests in our community benefit resources, collaborates and partners to design, leverage and demonstrate evidence-based solutions that transform the well-being of people, well-being of places and equity.

Adventist's solution for transformation is to create a repeatable, sustainable model of well-being that

measurably impacts the well-being of people, well-being of places and equity.

Success is measured by the Well-Being In the Nation (WIN) index, which shows connections between social conditions, health, community, and well-being.

- Well-being of People: Well-Being of People is both how people feel about their lives and how long they are likely to live. Health, security, prosperity, sense of connection, and purpose all play a role in well-being.
- Well-being of Places: Well-Being of Places is about whether a community is flourishing and the people within it have the vital conditions needed to thrive.
- Equity: Equity is about just and fair inclusion into a society in which all have a fair chance to participate, prosper, and reach their full potential.

Alternative Action/Motion:
Do not accept presentation and provide direction to staff.
