Summary of Request:

The final map for Vichy Springs Community Homes Unit 2 was recorded on December 20, 2004. The subdivision improvements were secured by a Subdivision Improvement Agreement and performance surety in the appropriate amount. The subdivision street improvements for Phase 2 of Vichy Springs Community Homes Unit 2 have been completed in substantial compliance with the approved improvement plans. The improved streets, which include Ardesch Court and Perrier Court, are to be accepted as part of the County Maintained Road System. Acceptance will occur by future action of the Board, along with execution of an unconditional road maintenance agreement with the subdivider. County Code Section 17-78(B) requires that, before subdivision streets can be accepted into the County Maintained Road System, the street improvements be inspected by the County Engineer (or his designee) and two members of the Board of Supervisors, appointed by the Chair. This committee is to report back to the full Board in writing with findings and recommendations with respect to the acceptance of the roadway improvements. The two appointed Board members must be from districts other than that in which the subdivision lies. The Vichy Springs Community Homes Unit 2 Subdivision is situated in Supervisorial District No. 1. Appointment of Board members to perform the inspection is now in order, and Department of Transportation hereby requests such appointment by the Chairman. The inspection can be scheduled at the convenience of the appointed members.

Alternative Action/Motion:

Do not appoint Board members, and provide direction to staff.
