**Previous Board/Board Committee Actions:**

None.

**Summary of Request:**

Living wage ordinances have been used nationwide to raise wages for low-income workers. Through its strategic plan, the Board has identified the need to adjust wages appropriately to build a high-performance

organization. We wish our employees to develop long and meaningful careers with the county government. We often talk about the housing shortage, but the core issue with housing is the gap between what workers can afford and the market cost of new housing development. We can strengthen the county by ensuring workers, whether employed directly at the county or through contractors, receive a wage commensurate with the local cost of living. A living wage improves worker morale, inspires economic growth, creates lower turnover rates, can reduce family dependencies on welfare, and reduces poverty. Adoption can include a gradual implementation path.

**Alternative Action/Motion:**
