Agenda Title:

Approval of Amendment to Agreement No. BOS 22-123 with California Psychiatric Transitions in the Amount of \$110,000, for a New Agreement Total of \$193,000, to Provide Residential Care to Mendocino County Lanterman-Petris-Short Clients, Effective July 1, 2022 through June 30, 2023

Recommended Action/Motion:

Approve amendment to Agreement No. BOS 22-123 with California Psychiatric Transitions in the amount of \$110,000, for new Agreement total of \$193,000, to provide residential care to Mendocino County Lanterman-Petris-Short clients, effective July 1, 2022 through June 30, 2023; authorize the Behavioral Health and Recovery Services Director or designee to sign any future amendments that do not increase the annual maximum amount; and authorize Chair to sign same.

Previous Board/Board Committee Actions:

June 7, 2022, Item 3(m), Approval of Agreement No. BOS 22-123.

Summary of Request:

The Lanterman-Petris-Short (LPS) Act is the California law governing the involuntary civil commitment of individuals who, due to mental illness, pose a danger to themselves, a danger to others, or who are gravely

disabled and require inpatient psychiatric care. The intent of the LPS Act was to end inappropriate lifetime commitment of people with mental illness and firmly establish their right to due process while significantly reducing state institutional expense.

Pursuant to the requirements of the LPS Act, Mendocino County is responsible for providing residential care services to LPS clients who are court-mandated to receive a specific level of care requiring a structured environment due to mental health challenges. Currently, there are no local facilities in Mendocino County that are able to provide all levels of care as mandated by the courts. In addition, there is a shortage of residential care facilities statewide, which creates competition for these placements. As a result, Behavioral Health and Recovery Services (BHRS) contracts with multiple residential care facilities in order to help manage the shortage, and to maintain current client placements ensuring the most appropriate care within the largest possible placement options.

California Psychiatric Transitions, Inc. (CPT) is one of a few residential care facilities able to provide services to Mendocino County clients. CPT, located in Delhi, CA, provides secure residential treatment programs and offers a broad range of services for adults requiring a structured environment due to mental challenges. The goal of CPT is to provide the intervention and support necessary for clients to move towards stabilization, recovery, and successful function in the least restrictive environment possible. Services include: psychological rehabilitation support, provision of residential and health care needs, activities designed to develop self-help skills, life skills, and interpersonal relationships, and programs that promote the recovery of clients for independent living in the community. Services provided by CPT are unique and are considered an alternative to State Hospitals for clients who need the most restrictive level of care.

On June 7, 2022, the Mendocino County Board of Supervisors approved Agreement No. BOS-22-123 with CPT for mental health residential treatment services. The original amount of the Agreement was estimated based on the number of clients at CPT in the beginning of the fiscal year, with the anticipation of clients moving to a lower level of care before the end of the contract period. The initial client placed by Mendocino County at CPT was moved out, and a new client was recently admitted to the facility. The proposed Amendment to Agreement No. BOS-22-123 increases the total amount available for mental health residential treatment services at CPT, in order to continue court mandated mental health services to current Mendocino County LPS conserved clients.

Alternative Action/Motion:
