Summary of Request:

In 2017, the Health and Human Services Agency (HHSA) applied for and received Substance and Mental Health Services Administration (SAMHSA) funding for the Finding Home project. The project's goal is to decrease homelessness and improve the health, well-being and self-sufficiency of persons who are experiencing homelessness and have co-occurring disorders (mental illness and substance use disorders).

Using SAMHSA funds, Mendocino Coast Hospitality Center (MCHC) provides services for members of the homeless population in Mendocino County. Such services include: intensive care management and coordinated development of integrated individual service plans; integrated Mental Health and Substance Use Disorder treatment; intensive care management, including access to primary health care and wrap around support; and access to permanent housing. MCHC provides these services by staffing Mental Health and Substance Use Disorder counselors along the coast.

Behavioral Health and Recovery Services (BHRS) is currently administering this grant which was formerly administered by Social Services Homeless Continuum of Care (COC). This Fiscal Year, the proposed Agreement had switched program administration and new staff had to review and negotiate the terms of the

Agreement. This necessitated a retroactive start date.

Alternative Action/Motion:

Return to staff for alternative handling.
