**Summary of Request:**

On December 1, 2016 the Planning Commission recommended the Board of Supervisors adopt a Mitigated Negative Declaration, approve the Rezone, and approve the Use Permit for the Project, as proposed by the applicant, based on the facts and evidence contained in the record and subject to conditions of approval. Planning and Building Services request the Board consider the proposed rezone from Limited Industrial (I-1) to General Commercial (C-2) ("Rezone") of the entire 4.77 acre legal parcel and a Minor Use Permit to demolish the existing "Jensen's Truck Stop" and re-establish "Automotive and Equipment-Gasoline-Sales" (commercial fueling station) for large transport and passenger vehicles ("Project"), the construction of two (2) new commercial office/retail buildings, totaling 13,852± square feet, and the replacement of underground fuel tanks and distribution piping located in the southeast corner of the site, approximately 1.75 acres. Attached to the staff memorandum for this item for reference are the resolution of the Planning Commission, the approved minutes of the December 1, 2016, meeting, and the staff report prepared for the Planning Commission.

**Alternative Action/Motion:**

Deny the project and adopt a resolution finding that the proposed Rezone R 2015-0001 and Use Permit U 2015-0008 are inconsistent with the General Plan; provide alternative direction to staff.
