**Summary of Request:**

Ford Street Project, the only detox and residential substance abuse treatment facility in Mendocino County, provides treatment for Health and Human Services Agency, Family and Children's Services (FCS) clients as part of their FCS case plans. These services include up to 14 days of detox, 30 to 120 days of residential substance abuse treatment, and, because Ford Street Project is open seven days a week, weekend drug testing for FCS clients who are not in detox or residential treatment but who are required to provide random drug testing as part of their FCS case plans. Over 80% of parents whose children are removed by FCS are involved with drugs and alcohol. Successful substance abuse treatment is the key step to reuniting with their children.
