Recommended Action/Motion:

Approve Amendment to BOS Agreement No. 22-125 with Crestwood Behavioral Health, Inc. in the amount of \$300,000, for new Agreement total of \$650,000, to provide residential care to Mendocino County Lanterman-Petris-Short clients, effective upon full execution, through June 30, 2023; authorize the Behavioral Health and Recovery Services Director to sign any future amendments that do not increase the annual maximum amount; and authorize Chair to sign same.

Previous Board/Board Committee Actions:

Ongoing Agreement since 2010, most recent action, June 7, 2022, Item No. 3(o), BOS Agreement No. 22-125.

Summary of Request:

The Lanterman-Petris-Short (LPS) Act is the California law governing the involuntary civil commitment of individuals who, due to mental illness, pose a danger to themselves, a danger to others, or who are gravely disabled and require inpatient psychiatric care. The intent of the LPS Act was to end inappropriate lifetime commitment of people with mental illness and firmly establish their right to due process while significantly reducing state institutional expense.

Pursuant to the requirements of the LPS Act, Mendocino County is responsible for providing residential care services to LPS clients who are court-mandated to receive a specific level of care requiring a structured environment due to mental health challenges. Currently, there are no local facilities in Mendocino County that are able to provide all levels of care as mandated by the courts. In addition, there is a shortage of residential care facilities statewide, which creates competition for these placements. As a result, Behavioral Health and Recovery Services (BHRS) contracts with multiple residential care facilities in order to help manage the shortage, and to maintain current client placements, ensuring the most appropriate care within the largest possible placement options.

Crestwood Behavioral Health, Inc. is one of a few residential care facilities able to provide a broad range of services to Mendocino County LPS clients. Crestwood Behavioral Health, Inc., located throughout the State of

California, provides secure residential treatment programs that provide services for adults requiring a structured environment due to mental health challenges. Levels of care include the provision of groups, trainings, and programs to promote the recovery of clients for independent living in the community. The County's goal is to transfer clients to less restrictive residential settings as soon as they are able.

The proposed Amendment to the original contract is requested to increase the contract amount to continue court mandated mental health services to Mendocino County LPS conserved clients. The original contract was estimated based on the number of clients in the beginning of the fiscal year hoping to move clients to lower levels of care, which was not achieved due to clients continuously needing higher levels of care at Crestwood Behavioral Health, Inc. system of care.

Alternative Action/Motion:

Return to staff for alternative handling.
