Mahmood,

Per our conversation, please confirm that (1) you agree to void/withdraw the previously submitted Revised Addendum to the Transportation Impact Study for a Gas Station at 9621 North State Street, and (2) that you agree to the previously recommended mitigation measures related to transportation impacts, including closure of the US 101 median in accordance with Caltrans recommendations and the installation of acceleration and deceleration lanes in accordance with Caltrans design standards.

Thank you,
Liam Crowley
