RE: AB 1821 (Pacheco) California Public Records Act: agency response time-SUPPORT

Dear Assemblymember Pacheco,

On behalf of Mendocino County, I am writing to express the County of Mendocino's support your measure AB 1821 (Pacheco).

The California Public Records Act (CPRA) is a vital tool that enables the public to hold government accountable. Local agencies take these responsibilities seriously and devote substantial resources to responding thoroughly and promptly to public records requests. Our members are committed to transparency and accountability.

AB 1821 provides an important and practical clarification to CPRA response timelines. The bill's shift from "calendar days" to "business days" for initial determinations and extensions is a common sense update that reflects the operational realities of local agencies. Public agencies generally do not have staff available on weekends or holidays, yet current law continues to toll CPRA deadlines during these periods. A business day standard ensures agencies have the full, intended number of working days to conduct thorough and accurate searches for disclosable records.

Under existing law, agencies must determine within 10 days whether a request seeks disclosable records, with a possible 14 day extension in unusual circumstances. Neither timeframe accounts for weekends or holidays when staff are unavailable. AB 1821 corrects this discrepancy by converting these periods to business days, helping agencies comply with the law more effectively and consistently.

Local agencies across California have seen a sharp rise in both the volume and complexity of CPRA requests, reporting a 73% increase over five years and noting that more than 90% of agencies have had to divert staff time away from core services to meet these demands.

Modern government operations now generate far more disclosable records, including emails, texts, and internal messages, which require extensive searching, review, and redaction of sensitive information such as attorney client communications, personal identifiers, and medical or criminal data. At the same time, agencies have lost key revenue sources that once offset these costs: Proposition 42 eliminated state reimbursement for CPRA compliance, and a 2020 California Supreme Court ruling restricted agencies

from recovering staff time or technical costs associated with producing records. As a result, local governments must absorb the full cost of increasingly time intensive requests.

We appreciate your efforts and remain committed to continued conversations about broader CPRA reform. The business day clarification that remains in the bill is a narrow but meaningful improvement that will help agencies comply with the law more effectively and consistently.

For the above reasons, the Mendocino County Board of Supervisors support your Assembly Bill 1821.

Sincerely,
